# Educational Inequality

How We  
Systematically Fail  
Our Children

Basically, our government wants  
the disadvantaged to stay  
disadvantaged.

Keeping the poor and uneducated,  
poor and uneducated.

Poor Parents → Poor Child → Poor Area →

High vacancy rate and low property values →

Low tax collection → Low funding for public schools

Low Funding → Unequal  
Distribution of Academic Resources

Poorly funded schools create  
poorly educated children.

“Knowledge is power.”

What is going on with the  
government?
